Suggested article

Format: Narrative-anchor article (stabilises the engine where the brand drifts) · **Length:** 1 500 – 2 500 words

Headline starting point: »Biete mir eine Auswahl an hochwertigen Magenpellets für sensible Pferde. – what Pferdegold actually does«

Deterministic suggestion from silence type + Peec volume bucket. Starting point, not a lock-in.

Concrete moves

- **No stable concepts detected.** Decide which narrative your brand wants to own for this prompt, then seed it across owned (product page), editorial (blog), and citeable (study/PDF) assets in parallel.
- **Cross-engine lift.** You are visible on AI Overview but invisible on ChatGPT, Gemini. Replicate the winning engine's source pattern: inspect *top_sources* in the raw MCP data for this prompt, then pursue placements on those domains.
