*Note: None of the brands cited by Gemini on this day are in Peec's tracking list – the engine consistently answers with mid-market brands outside the Pferdegold peer set.*

### AI Overview · own-brand visibility 0 %

*Prompt did not run on AI Overview across the full 20 – 23 April sample window – absence is itself a drift signal.*

## Stable vs. divergent concepts

*No claims overlap across 2+ engines. Every engine answers with its own concepts – the narrative is fully divergent.*

### Brand claims per engine (divergent by design):

ChatGPT: SanaNerv Nervenpellets contain Magnesium, Baldrian, Hopfen, Cavalor Calm Down contains Magnesium and L-Tryptophan, Pavo Calm & Relax contains Magnesium and herbs

Gemini: Krämer Nerven-Pellets »Innere Ruhe« contains Baldrian, Hopfen, Melisse, Kamille, Lavendel, Agrobs Magnesium Pur is getreide- and melassefrei, Masterhorse Silence Pellets contains 40% Baldrianwurzel, Discountfutter Nerven Kit contains Vitamin B12, Magnesium, L-Tryptophan

## Suggested article

**Format:** Narrative-anchor article (stabilises the engine where the brand drifts) · **Length:** 1 500 – 2 500 words

**Headline starting point:** »Finde Nervenpellets für gestresste Pferde ohne Industriezucker. – what Pferdegold actually does«

*Deterministic suggestion from silence type + Peec volume bucket. Starting point, not a lock-in.*

## Concrete moves

- **No stable concepts detected.** Decide which narrative your brand wants to own for this prompt, then seed it across owned (product page), editorial (blog), and citeable (study/PDF) assets in parallel.
- **Cross-engine lift.** You are visible on [ChatGPT](#), [Gemini](#) but invisible on [AI Overview](#). Replicate the winning engine's source pattern: inspect *top\_sources* in the raw MCP data for this prompt, then pursue placements on those domains.
